

ADVANCED RELIEF

Our Advanced Relief program goes a step further by offering consumers with advanced construction technologies, superior comfort, and a go-to everyday style.

Anti-Microbial Technology: helps control odor on the sock

Moisture Management Technology: keeps socks dry and comfortable

Blister Guard® Green Yarns: protects sensitive skin by reducing blister-causing friction

Protective Cushioning: cushioning through the sole and back of the heel provides premium protection

Non-Binding Comfort Top: gently conforms to legs for a relaxed and comfortable fit

Invisiseam®: seamless toe seam is specially designed to prevent irritation

Women's Styles:

Men's Styles:

Additional Benefits of Blister Guard® Green Yarn:

- Moisture wicking and friction reduction
- Made from 100% recycled pre- & post- consumer materials
- Sustainability certified by OEKO-TEX® labs
